Welcome to Psychedelics in Recovery.

We are a fellowship of men and women from all 12-step programs who share our experience, strength and hope with each other that we may solve our common problem and help others to recover from their addictive behavior.

Our members either have had prior experience with, or are interested in, integrating the intentional use of psychedelics and/or plant medicines into our 12-step oriented spiritual program.

The only requirement for membership is a desire to recover from our addictions and an interest in psychedelics and/or plant medicines as an aid to our process.

Psychedelics in Recovery is not allied with any sect, denomination, politics, organization or institution; does not wish to engage in any controversy; neither endorses nor opposes any causes. Our primary purpose is to pursue recovery and help others to as well.

We do not sell or promote the use of any substances. This is a safe space in which we can openly discuss the role of psychedelics in recovery.
